

FoodiZ

Your Hidden Gem Finder

With the increase of #foodtok and #traveltok many new cafes has opened and became hotspots for not only travelers but also young locals.

That is why using only Google POI is not enough anymore!

Foodiz: How it works

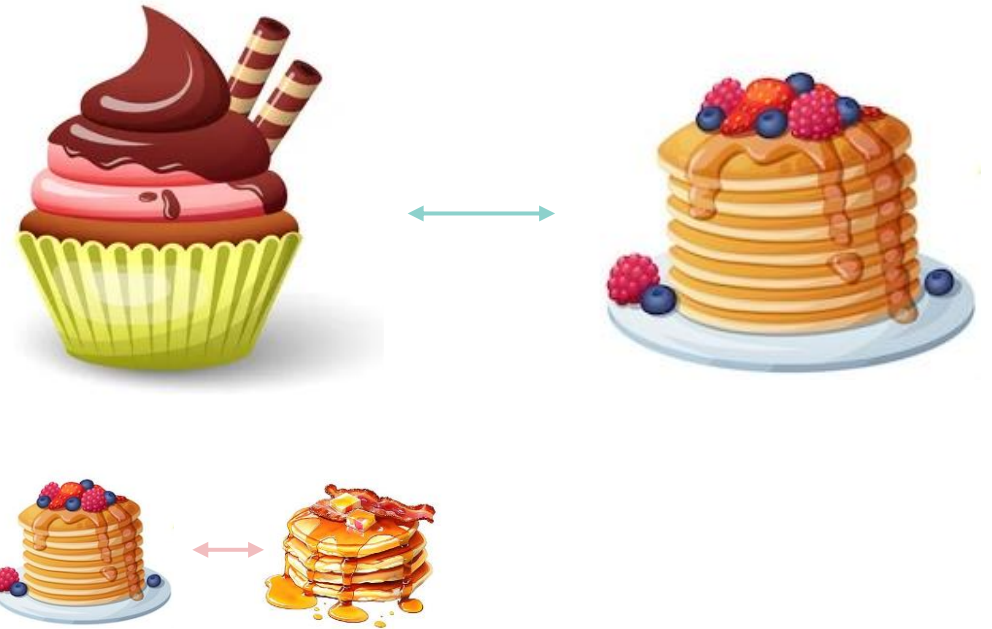

Satisfy your gluttony with FoodiZ

Select from different icons most liked food trends (e.g: Cupcakes or pancakes then after selecting pancakes, Sweet pancakes or salty pancakes...)

Get Hotspots / hidden Gems Recommendations near you

Technical Solution

From a set of labeled icons select fields of interest

Search google maps with custom tags/criteria for relevant spots

Search tiktok using ResearchAPI and custom # for relevant spots

Search insta for relevant business accounts with # and location

List findings and order according to most suitable.
